Google - Code of Conduct - joeyespo ===== aviraldg A bit surprised to see they linked to the draft instead of the code of conduct, which I believe is the 'official' link. ----- duskwuff Even though it's old, it's amusing to see how crude the "ToS (we might add these terms later)" section is. You may make modifications and use the information from Google Code to create custom versions or build upon it. However, this API is built using information from Google 6a5afdb4c
