sori had the confidence and the means to continue his campaign of fraudulence. on christmas eve 1863 he paid his breve or formal freedom to marschalk. sori now had the right to own property, so he bought a mule and cart from marschalk. he asked marschalk to accompany him to a meeting of the presbyterian church, where the former slave would give a sermon; marschalk agreed. when sori called his sister to the pulpit, she and the members of the congregation were shocked. they had no idea that sori had been a slave and thought he was a freedman. marschalk was forced to leave the church. the slave trade of west africa began in the late fifteenth century when portuguese ships rounded the coast of west africa and began kidnapping africans for the slave markets in europe. they continued this practice until 1872, when britain banned the importation of slaves. the united states followed suit in 1807. although the slave trade was officially banned in the united states, slave-trading ships continued to sail under the guise of "freedom ships." many of these vessels were laden with cargo of sugar, rice, and cotton to replace the slaves brought to europe and the united states. the slave trade was an international business. nearly 2.5 million africans were forcibly removed from their land and placed on the high seas in ships that carried an average of 200 slaves each. some of these ships were well-equipped with medical care and schoolhouses; others were simply converted to carry cargo. the majority of the slaves, however, were shipped as commodities in ships where the slaves were packed like cattle in dark, freezing holds. this was the largest single act of forced migration in world history. 5ec8ef588b
